I see... so Homura still mentions "Madoka" sometimes, huh?
Yep
Even though Madoka, as goddess, should have become detached from the universe
with the world reforming, the transfer student's wish changed
and so some of her influence remained
I'm glad about that, but...
she could've at least restored the weapons to how they were before
Well, it's all good. Among others, I was able to return, right?
So now, in this go-around, I'm a magical girl as well, we'll just have to accept it
...
And, above that!
Now that I'm back, there's something I want to tell you

Y'see...

I would really like it if we can be friends from now on

And that was my "SayaAn" (Sayaka x Kyouko) explicit yuri book.
Thanks for buying and reading it.

Driven to make a story with a teaspoon of happiness for Anko (Kyouko's fan nickname) and Sayaka this came about. I definitely want them to find happiness, though with this ending I was close to turning into a witch. Mwuhuhu.

And as for the story in the main manga, since I'm too busy, I haven't been able to verify the contents of this book, so if you find something that makes you go "The frig is this, it's all wrong!" then I can only reply: "I'm covering my ears! I can't hear you!"

I perhaps stuffed the book too full of sex, but I wanted a feeling that their daily life would be full of lewd. Bwahaha.

That's it for this time.

Hey, Sayaka, when you said "among others," did you mean...?

Please stop unlawful redistribution.

Under 18's oughtn't read or by any means acquire this book.

I hope people who put it on Yahoo Auction get Tiro Finale'd.
